

Business Men Get Out And Play With School Youngsters

TWO BANDS AND TEACHERS CO-OPERATE WITH CLUB FOR PARTY

MARK HALLOWE'EN

In its second year the Halloween party for public and separate school children, held on Tuesday evening, ran off like clock-work.

The event was capably directed by R. L. Pritchard and his boys' and girls' work committee of the Lions club, and was carried out with the co-operation of Principal H. A. Jackson and staff and members of the Lions club.

The party really began on Monday evening when members of the Lions club filled over 800 bags of apples, candies and nuts. Then at 7 p.m. on Tuesday evening the children gathered at the public schools, separate school children at the King George school, for the preliminary judging of costumes.

Members of the Lions club selected from each grade of each school two boys and two girls to enter the finals. Sing-songs then took place at each school until one of the two co-operating town bands came along to lead the parade to the King George school and from there to the arena.

Members of the Lions club fell into line at the King George school and followed the R.S.A. bugle band to the arena, loaned for the occasion by J. L. Spillette. At the arena the finalists went into the centre of the arena, where they were judged by Mrs. H. E. Lambert, Mrs. W. L. Bosworth, Mrs. W. C. Lundy, Mayor Dr. S. J. Boyd, Alex. Belugin and Dr. C. E. VanderVoort. Grand prizes of \$2 each went to Tom McElae, as a shoek, and to Florence Palmtree for her

Indian costume.

An hilarious sing-song was carried on at the arena with the use of a screen on which the words were thrown, through the courtesy of W. M. Cockburn, agricultural representative.

Each youngster received a "hand-out" as he or she left the arena to go home. Some got an extra bag or two for little brothers and sisters at home. At least that was their story.

The prize-winners were as follows:

Boys—Grade one, Douglas Cockburn, Allen Jackson; grade two, Teddy Taylor, Gordon Hamblin; grade three, Kervin Tunney, Jimmy Insley; grade four, Gordon Knowles, Stewart Mitchell; grade five, Tom McKee, Nick McKee; grade six, Claire Rachar, Gordon Hill; grade seven, Tom McElae, Junior Wilson; grade eight, Ed. Parker, Jack Rose.

Girls—Grade one, Glenn Riddell, Shirley Riddell; grade two, Ruth Palmer, Jean Pickering; grade three, Joan Cribar, Audrey Hooper; grade four, Patricia Long, Lucille McComb; grade five, Florence Callahan, Marion Harman; grade six, June Bunn, Eileen Jackson; grade seven, June Patterson, May Hisey, Betty Wright (extra); grade eight, Florence Palmtree, Doris Fewster.

AUSTRIANS COULDN'T BELIEVE WHAT THEY HEARD, DR. MARESCH STATES

SPEAKS AT TRINITY

"It is not true that the peace treaties made at Versailles were unjust to Germany," said Dr. A. R. Maresch, an Austrian refugee, now at Pickering College, in an address at Trinity United church on Sunday evening.

Rev. R. R. McMath conducted the service and introduced Dr. Maresch.

"It is true that the peace treaties gave us the present condition," he said. "It is true that the peace treaties were unjust to the whole world, but not particularly to Germany."

"The people had not thought out a plan for a new world when the war collapsed. They had to make a plan in a hurry. They set up many small countries, each with their tariffs."

"Wherever there are bad economic conditions there will arise a demagogue. There is no worse demagogue than Hitler. He promised health, wealth and prosperity to the German people."

"An Austrian said that we will get arms, and we know whom we have to use them against."

"Germany hasn't sufficient food, petrol, oil, and the people lack confidence in their leaders. They know that if they win they will go on to a new war."

"You have everything, oil and food in abundance, but you have something more precious. You have freedom and democracy."

THREE SPEAKERS WILL ADDRESS RED CROSS

A general meeting of the Red Cross society, Newmarket branch, will be held in the town hall on Wednesday, Nov. 8, at 3 p.m.

The society is fortunate to have secured the three following speakers: Major Galbraith, Mrs. Moysey, and Miss Platt. The purpose of this meeting is to clarify many points not fully understood.

The campaign for funds, under the provincial drive, which is due to take place from Nov. 13 to Nov. 30, will be discussed. This is all important to the public.

The speakers will be ready to answer any questions relating to the work. They desire to stress the importance of workers as a pressing need, rather than that of members.

Reports from the local organization will be given. It is earnestly hoped that there will be a large attendance, and there is a particular need that as many men as can find it convenient should be present.

GERMANY CAN'T WIN, IS FORUM SUBJECT

"Why Germany Can't Win," will be the subject of an address by Dr. A. R. Maresch, at Pickering College, on Thursday, Nov. 16, at 8.15 p.m., in the first of a series of public forums sponsored by the college extension department.

Headmaster Joseph McCulley has announced that the college proposes to hold a number of these forum meetings at which the public is given an opportunity to ply the speaker with questions.

DRIVER IS INJURED WHEN CAR TURNS OVER

When the car he was driving turned over twice in a ditch east of Sutton on Sunday, Wilbert Pollard was severely injured and lay unconscious in Sutton General Hospital for eight hours.

On regaining consciousness, Mr. Pollard was found to be suffering from severe concussion, cuts and bruises about the body. York county Constable William Hill investigated the accident.

Coming Events

Friday, Nov. 17—The commencement exercises will be held at the Newmarket High school, commencing at 8 o'clock sharp. Graduation diplomas, scholarships and prizes will be awarded, and a program will be presented, consisting of numbers by the Glee club and a one act play entitled "Glamour in the Paces." WHY TRANS-CANADA PLANES FLY OVER MAIN ST. IS INTERESTING BUT AN OLD, OLD STORY

Every form of business must advertise. Not even the most modern of all businesses, air transportation, can get along without it.

Newmarket people have a nightly illustration of this need for advertising.

Did you ever wonder why the trans-Canada planes, flying from Malton airport to North Bay, take the trouble to fly over the heart of Newmarket and then veer over to Barrie and do the same thing? Even more strange is why these planes, leaving Malton, should go so much out of their way as to circle over Toronto.

The Era was curious and sought the answer from Percy Cole, aviation editor of the Toronto Telegram.

"How can we get some publicity?" trans-Canada officials complained to Mr. Cole shortly after the inauguration of this service.

"Nobody knows you are flying," Mr. Cole replied. "You arrive at Malton and you leave from Malton. You don't come near Toronto. Why don't you fly over the city?"

The suggestion was adopted promptly, and Mr. Cole soon was remorseful, for the telephone calls began to flood in to him asking why the trans-Canada planes were flying over the city.

Because when you are in business you have to advertise. And that is why they fly over Newmarket too.

York County Hospital Has Slight Loss For 1939

BIRTHS ARE AWAY DOWN OVER PREVIOUS YEAR

OFFICERS NAMED

The annual meeting of York county hospital was held in the council chambers on Tuesday evening, with James S. Law in the chair. Not a person, outside the board, however, was at the meeting.

The report of the secretary-treasurer, J. J. McCaffrey, showed that for the year ending Sept. 30 the total receipts were \$33,900 and the total disbursements were \$34,726. Included in the disbursements is the cost of a portable x-ray machine, new anaesthetic equipment and insulation under the roof of the hospital building.

During the year 909 patients were registered; 278 from Newmarket, 580 from other parts of York county, 45 from other parts of Ontario and six from other countries. The number of births was 155, which was 40 less than during the previous year. The total number of hospital days for the year was 12,047 at a per diem cost of \$2.69.

The president, in reviewing the year, expressed appreciation for the splendid assistance given by the Women's Hospital Aid, the efficient services rendered by the superintendent, Miss Hill, the members of the nursing staff and other employees and to George Vale for his yearly audit of the books, which is done as a contribution to the hospital.

The doctors of Newmarket and surrounding towns have given splendid support to the hospital.

W. H. Eves, John McCaffrey and P. W. Pearson were elected directors for a three-year term. Following the annual meeting a meeting of the directors was held when officers were elected: honorary president, Sir Wm. Mulock; president, George D. Wark; vice-president, W. H. Eves; secretary-treasurer, John McCaffrey; house committee, W. H. Eves, P. J. Tod and George D. Wark.

College Taken Over For War Work, Comes Home

JACK HOLMES RETURNS TO CANADA TO PURSUE STUDIES

Regretting that he had no exciting adventures to relate, John W. Holmes, English master at Pickering College, who was studying at the University of London on leave of absence from Newmarket, arrived home suddenly a little over a week ago. He had been in London over a year.

The building in which Mr. Holmes was pursuing his research in Canadian history at the University of London was taken over by the British ministry of information, and his college was transferred to Wales. Instead, he took an alternative available and went to Dublin, Ireland, to go on with his work, but finally gave Dublin up as a bad job because of the political turmoil and unrest in the emerald isle.

He has now been given permission to continue his work for a University of London doctorate at Ottawa, where he will make use of the Dominion archives and other original records. He will return to London at a later date to secure his degree.

He returned to this continent on an American boat to New York and had an uneventful voyage.

Mr. Holmes commented on the calm of the British people in the face of danger. "They just ignore it," he said.

The black-outs are most depressing, however, he said, and are quite a strain on the people's morale.

While in Newmarket, Mr. Holmes is staying with his sister, Mrs. H. M. Beer, Prospect St.

ALLISTON VISITS

"We want to keep the public mind healthy and wide awake, so that we may be free from all hatred, free from all bitterness, so that when peace comes we will be in a spirit to make a peace that in God's good name will never be broken."

Rev. James Dorrian, Alliston, made this declaration in concluding an address on "Lionism" at the Newmarket Lions club on Monday evening. President Jack Luck was in the chair.

Twenty-one members of the Alliston Lions club were present. F. M. Walker, president of the Alliston club, introduced the speaker. F. A. Lundy and W. L. Bosworth moved a vote of thanks.

Approval was given to a plan to hold a minstrel show in January for the benefit of the Red Cross.

W. W. Osborne, chairman of the major activities committee, reported that a supply of cod liver oil had been arranged for one needy child. He said that the committee was also trying to arrange help for another child, who was in the constituency of another club.

Dr. C. E. VanderVoort conveyed to the club the offer of a gift of a thoroughbred English sheep-dog from Basil Watson, Newmarket. The club accepted the offer and will dispose of the dog to boost club funds.

Drippings From the Bucket
Did you know?—Ran Forster, ex-twine-tender of the Newmarket Redmen, will be in the little cottage for the St. Catharines seniors in the O.H.A. loop this winter.

Remember Ran and his famous cramps, they generally hit him in the second period and, bingo, Ran would be on the ice like a herring. But he always came back, better than ever.

Last season he coached his native Parry Sound in the junior series, after spending two successful seasons across the pond. I think Chart Holmes' home balliwick made a good move in securing Forster's services.

Hughie Mair, former Aurora winger, will cavort with Marlboros in the junior "A" series this freeze. Watch out for Hughie, he's got the stuff that makes real pucksters.

Whitey Bone, stellar defenceman of the Aurora juniors last season, will play military intermediate hockey. I don't exactly know which team he is in the R.C.A.S.C., so the big blond should have plenty of drive.

My man Friday whispers in your scribble's ear that next week at the fites the main bout will be Max Scott and Johnny O'Connor, he thinks. Scott is the boy who hammered a knockout victory over Johnny, so this fite should be the berries.

This is O'Connor's turn and he should give a good account of himself in his home town. Incidentally, this will give a few of you skeptics a chance to settle the arguments that yours truly has heard as to Johnny's fighting ability.

Personally I'm just content to sit and wait for the outcome. Till then I will not commit myself, at least not until after I have seen the scrappers tangle.

As usual, till then I am yours for bigger and better drippings from the bucket.—R.M.A. (More on Page 7, Col. 3)

Sudeten Germans Didn't Care To Join Reich, Bishop Tells

SOME OF NORTHWEST MISSIONARIES LIVE ON \$20 A MONTH

BISHOP SPEAKS HERE

Telling of his vast domain in the northern reaches of western Canada, and appealing for funds to carry on his work, Rt. Rev. A. H. Sovereign, D.D., F.R.G.S., Bishop of Athabasca, addressed a deanery missionary rally at St. Paul's Anglican church on Tuesday evening.

"One of my clergymen's parish is the size of England," he told his audience, gathered from all parts of the deanery.

"My well-paid clergymen get \$70 a month, out of which they pay their own car expense," he said. "Others get \$20 a month. One lives in a house 16 feet square with his wife and child."

"We asked for \$15,000 to carry on our work. The missionary board promised \$13,500, and gave us \$6,000, because you didn't put enough in your missionary envelope."

The bishop said that 500 Sudeten Germans had settled in his territory since Germany had taken over the Sudetenland. These were among the Germans who allegedly wanted to join the reich, he commented.

The bishop also told how, with money given by English sources, he had constructed a hospital at Fort Norman on the Mackenzie river, and that it was 800 miles from any other hospital.

Another story he told was of the mushroom growth of the mining town of Yellowknife, which had grown from a nearly zero

Suggests Bacque Property Would Make Park, Library

OWNERS WANT \$1,250 FOR PROPERTY, TOWN WANTS TO PAY \$50

A piece of land belonging to the Bacque property adjoining Fairy Lake was variously valued at \$50 and \$1,250 at expropriation proceedings in the town council chamber on Monday afternoon.

His Honor Judge Barton presided. N. L. Mathews, K. C., represented the town, and called as witnesses E. A. Boyd, realtor, C. C. Rachar, town electrical engineer, B. W. Hunter, town assessor, and Deputy-Reeve Joseph Vale.

Fred H. Bacque, son of Mrs. Harriet Bacque, and Mr. Davidson, real estate department of the Toronto General Trusts Co., represented the owners.

Mr. Rachar and Mr. Vale said that the town proposed to sink a water test-hole in the land and that if water were found the land would be improved.

Mr. Bacque suggested that a larger proportion of all of the property should be expropriated by the town for a park and library.

NOT JUST NOW

It is reported that Premier Mitchell F. Hepburn, again on speaking terms with Premier Mackenzie King, has also withdrawn his objections to the St. Lawrence waterway project. It is suggested that this project may be under way within a year. Premier Hepburn's objections to the project are just as well founded now as they were when he "wasn't speaking" to Mr. King. We don't say that he was right, but there was sufficient merit in his arguments that the war makes him at least temporarily right. Mr. Hepburn said that Canada already had sufficient transportation facilities, sufficient electric power developed, sufficient public debt for present needs. During war construction costs will be higher and public debts will be climbing rapidly enough without the St. Lawrence scheme. This project is very likely to wait until there comes a post-war depression, when it would serve as a stimulus to employment.

Not For This War

Commenting on Premier Hepburn's reported approval of the St. Lawrence waterway project, the Gananogue Reporter says: "Of course, with such an ambitious program for industrial expansion ahead in the country, it is only natural that Ontario's leader should feel that the whole country's expected need for more power and greater ocean port facilities transcends the importance of battling over provincial rights." The Reporter evidently expects a long war. Even if such a project were to be started next spring, we would need a seven years' war to bring the deep waterway into action. As a matter of fact, Canada does not lack ocean port facilities for wartime. Halifax and St. John harbors, open all the year round, with grass growing on their docks in recent years, can handle unlimited traffic. If additional power is wanted in a hurry it will be developed much more quickly from Nova Scotia and Alberta coal than from the St. Lawrence waterway.

NOT SHORT OF MEN

News that the military classes of 1903 and 1909 in France are being demobilized indicates that the Allies are not very worried about any possible German drive on the Maginot line. More machines and less warriors seem to mark this war. The King government has pledged itself that it will not introduce conscription. Present indications are that that will not prove an embarrassing undertaking.

HAPPY HUNTING

Hunting days are here again, and with them comes the hope that accidents will be at a minimum. Greenhorn hunters are not necessarily those most likely to make a slip, for in hunting as in car-driving carelessness sometimes goes hand-in-hand with long experience.

MUNICIPAL ELECTIONS

There is a good deal to be said against the suspension of municipal elections until after the war. Newmarket's municipal election costs only \$150 to \$175, but those elected spend \$200,000 annually (including uncontrollable expenditures). There might be a feeling on the part of councillors elected for a long term that the public was less interested in the conduct of the public business. On the other hand, there is something to be said for biennial elections, both in time of war and time of peace. A longer term gives men a better opportunity to carry out their plans.

Annual Election Preferable

In a city like Toronto where every council seat is keenly contested, and elections mean considerable expense on the part of the candidates, there is more to say in favor of biennial elections than in a town like Newmarket or a rural municipality. In Newmarket any councillor who takes an active and successful part in the council's work is fairly sure of being returned to office if he offers his services again. The trouble often is to find enough men to fill all the seats. The annual election appeals to us as tending to direct public attention to municipal affairs at least that often and the annual voting of the citizens is the least they can do in appreciation of the services freely rendered to them by those elected to office.

All Have Contributed

In Newmarket it is unnecessary to say that, if the approaching municipal election is to be the last until the end of the war, there should be particular care to elect a capable council this year. Newmarket always has a good council, and this year's council is no exception. Every member of this year's council has taken an active interest in municipal affairs and all have given a good deal of time to the public business. We suppose that Councillor Arthur Evans, both because he was new in the job of chairman of the water and light committee and because of the changes being made in the electric light system, has been one of the busiest committee men.

Needed In Council

Nevertheless, there probably will be, and should be, an election this year, and when it comes there is one man particularly who, we believe, should be induced to re-enter the council. That is Dr. L. W. Dales. We are not suggesting another of those famous Dales-Lundy battles for the reeve-ship. We believe that Dr. Dales gave the time which he spent in county council at great personal expense. We would like to see Dr. Dales offer his services as a plain ordinary councillor. Few have offered more ideas for the good of the town or done more to promote the town's good than Dr. Dales. Citizens, we think, would give him a hearty welcome back to the council chamber. And from a selfish newspaper point of view Dr. Dales is always colorful and "good copy."

CENSORSHIP

Walter Thompson, Canada's chief censor, is a newspaperman and we believe will prove a tolerant and wise official. There has been a good deal of public criticism of some of the censorship efforts. The public does not want to hear false information emanating from enemy sources, but, on the other hand, it does not want to be hoodwinked. There is no point in trying to keep facts from the Canadian public when they have radios with which to tune in on American stations and can read American newspapers. Censorship is almost inevitably over-done. Let us be thankful that we haven't a lawyer as chief censor. One of the first rulings which the censors sent out to newspapers was that they were to make no mention of the absence from Canada of Hon. T. A. Crerar. Evidently, however, they forgot to tell Prime Minister King about it, or he forgot to submit his address to the censors, for in his broadcast on Tuesday evening Mr. King told the world that Mr. Crerar was in Britain for conversations with the British government. As a matter of fact, we noticed that at least one member of the daily press had disregarded this ruling in reporting an address from the Quebec election. We can't think of a good reason for this particular ruling, unless Mr. Crerar wanted a holiday from the importunities of his constituents.

"Think of our store when you listen to your radio," advertises Belch's Drugstore in an eastern Ontario weekly. Our radio does that too.

HAPPENED IN THE MAD RIVER

So far as we know The Era has not reprinted any of the many rumors which the war set in motion. We are going to make an exception now, to print a perfectly harmless one, so absurd that it must have been coined as a joke.

Just Another Yarn

The Creemore Star tells the story: "Great excitement prevailed when a rumor got going locally last week that the 'Bremen,' Germany's crack passenger liner, had been discovered hidden on the Mad River up in the secluded region of the Devil's Glen. It appears that a tourist had stopped at the brink of the precipice to gaze at the wonders of nature as wrought in this district. He saw smoke away down in the valley and on looking closer he was sure he could see the funnels of a ship. It must be the 'Bremen,' he decided, and never stopping to consider the navigable possibilities of the stream, rushed to the nearest port with the news. Investigation, however, spiked the rumor. Like the spies reported shot at Camp Borden, it was just another yarn."

We Start One

The nearest parallel we can think of would be the finding of a whale washed ashore from Fairy Lake.

WAR AND BEER

The Uxbridge anti-beer room vote comes too soon after the outbreak of war to be attributed to any wartime anti-waste feeling on the part of the public. The vote was 639 against and 215 for. That just indicates a vigorous campaign on the part of the dries, the good sense of the Uxbridge people and the growing revulsion toward the Ontario government's push-beer-sales policy. As the war goes on, there will probably materialize a strong movement for the elimination of many of the province's liquor and beer outlets, but it is unlikely that this movement will go as far as the prohibition of the last war.

Port Arthur on Tuesday night in his first public address since the special war session of parliament prorogued, said: "We are fighting for our lives and for the lives of all who believe in the same spiritual values as we do."

Advocates of repealing the United States arms embargo won the first skirmish over neutrality legislation in the house of representatives on Tuesday when that chamber agreed to send the measure to a conference committee to adjust differences between the senate and house versions.

Two Peruvian aviators, attempting a non-stop flight from New York to Lima, Peru, were safe Tuesday night on an island 80 miles southwest of Quayquay, Ecuador, forced down by the loss of 220 gallons of gasoline while little more than 700 miles from their goal.

For the first time since the New York world's fair was opened to the public last April 30, the exhibitors of the fair welcomed ship Tuesday as they welcomed ship and battened down for the winter.

The Common Round

EVOLUTION

By Isabel Inglis Colville

When I was 15, if my memory serves me correctly, I read "Origin of Species," and the "Descent of Man." WHY I read them or how I ever waded through them remains one of the unsolved mysteries, and I suppose the one idea which has, from that reading, accompanied me, down the years, was that there was such a thing as evolution.

However, I am quite satisfied to leave that kind of evolution to the shade of Darwin and his successors, and write about a kind which is more within the compass of The Common Round.

Just at the head of our stairs stands a big old cedar chest. It is much higher than those in which the brides of today take such pleasure, but to us, it is a treasured possession.

As long as I can remember, it has been a part of our house furnishing, having come to us when my grandmother died. It was made by my grandfather, to store my grandmother's wedding plenishings, when they settled in Perth, Lanark county, one hundred and nine years ago.

We use the chest for storing

comforters and blankets, and one day, not so long ago, mother called "Come here, Isabel, and see this."

Mother had been getting a quilt from the chest, when her hand struck some tiny spring and out shot a wee drawer. In it was a paper, the creases almost worn through and yellow with age—my grandparents' marriage certificate.

It had lain there for over a hundred years, undisturbed, till chance revealed it. And I suppose it was from chests like that that the present lovely cedar chests have been evolved.

Then we have some more furniture which helps prove the theory of evolution in furniture, anyway.

In our kitchen are three wooden chairs—the most comfortable chairs in the house.

Just at present they are painted cream and red, in keeping with the color scheme of that room, but they too were made by my grandfather and mother says, as a little child, she can remember them as the parlor chairs. Not then did they look gay and frivolous in bright colors—no, they were done in walnut stain, and on the broad back piece was a golden apple.

"Then," said mother, "a great event occurred—we graduated—evolved, if you please—into hair-cloth."

"My first parlor furniture," said mother, "was haircloth, for I began where MY mother left off. After which," she went on, "we blossomed into plush, which I must say, was more comfortable than haircloth."

Anyone who ever slid off hair-cloth sofas, or pricked their small legs on chairs as children, will heartily agree with her dictum concerning the comfort.

And now, we have evolved into an era of unlimited choice—we can have chintz, cretonnes, rep, mohair, velvets and almost anything but chiffon, and people accept it as a matter of course.

Before we found we had the right to evolve styles of furniture to suit our individual tastes, from the parent stem—we had to have haircloth—well, because our neighbors, north, south and east, had haircloth.

Perhaps Mrs. Blank on the west had kept her wooden chairs—for her we had pity and felt perhaps a trifle condescending as we sat on them, all the time visioning our own funeral black aggregation, gathered cold and black in the home parlor.

THE KINGLETS HAVE TO STEP ON IT

BY RUTH DINGMAN HEBB

"My gracious goodness sakes alive!" chirped Mrs. Woody, the Downy Woodpecker, to her mate. "Here comes a big flock of 50 or 60 little birds heading for this tree at full speed. And just look at the way they are zig-zagging as they fly. They seem to be alarmed about something."

"It's a bunch of Kinglets," said Mr. Woody, as the little birds alighted with much flurry and flutter. "What on earth is the matter?" he asked one of the newcomers.

"Don't ask me," gasped one bewildered little Golden-crowned Kinglet, whose markings pro-

claimed him to be a youngster. "Ask someone else, I can hardly think straight yet, I had such a terrible zig-zagging adventure."

"Matter enough!" chirped another of the Kinglets. "We were chased by a Northern Shrike. We were all over in those Mountain Ashes over there, when along came this Shrike and started darting about trying to catch one of us. He would make a dive after one of us and then after another. And then he would hover above one of us in a thoroughly terrifying way. The amazing part of it is that he didn't catch anyone at all."

"That little chap you were talking to a moment ago had a very narrow escape," explained another Kinglet, a gentleman Ruby-crowned this time. "He had to fly like mad, darting in three directions at once, but to my great surprise he got away. The Shrike just this minute left us and flew away in disgust."

"He surely couldn't have been very hungry or he would have persevered until he got one of you," said Mrs. Woody, matter-of-factly.

"My dear lady, I think that remark is rather uncomplimentary," said one of the Kinglet party with a pompous air. "We are very quick, agile little birds, much quicker on our wings than some of you larger, more lumbering figures. We are very clever at escaping from danger as a rule."

"All the same, I think maybe the Woodpecker lady may be right," chimed in another voice, and Young Chips, the Chickadee, put in an appearance. "I was just across the field in the direction in which the Shrike flew away, and believe me, I took great pains to keep out of his sight. But, what do you think I saw?"

"How do we know?" snapped Mrs. Woody, who was annoyed by the remark of the Kinglet.

"I saw a mouse impaled on one of the long thorns of a hawthorn tree over there," said Young Chips. "I was moving about in the tree and almost ran right into it. Believe me, it gave my stomach quite a turn. I didn't stop to examine it, but one glance showed me that it hadn't been eaten yet—and no doubt that same Shrike who was bothering you Kinglets had caught it."

"And so he was only chasing us in half-hearted fashion?" suggested a Kinglet.

"Well, maybe," said Young

Chips. "But anyway, it's funny that he would go off and leave his kill unattended like that. I understand that they usually eat one victim up before catching another—and all one sees left is a claw or a bit of a feather or something."

"Ugh, let's not talk about it," shuddered the young Kinglet who had had the narrow escape. "I'll be having a nightmare to-night as it is."

"Yes, yes, let's be thankful that none of us were victims and think about something cheerful," suggested one wise old Kinglet.

"Well, by the Great Horned Owl!" Young Chips exclaimed as he turned and happened to look across to the next tree. "Look who's here!"

"I was wondering how long I'd have to poke around here before anyone paid any attention to me," said a big, rosy red bird with a large, dark bill. It had darkish wings with white cross-bars on them.

"My word! We don't often see an adult male Pine Grosbeak—with red plumage," said Mrs. Woody Woodpecker. "There are so many more of the grey, marked with yellow, members of your family—the females and young ones—in a flock of Pine Grosbeaks. Did you just arrive from the north?"

"Yes, and the rest of them are over in the Mountain Ash trees, enjoying the red berries," explained the Grosbeak. "I'd better get back to the others. Being a grown-up male I'm rather a leader among them, of course." Giving a loud, clear whistle he flew off.

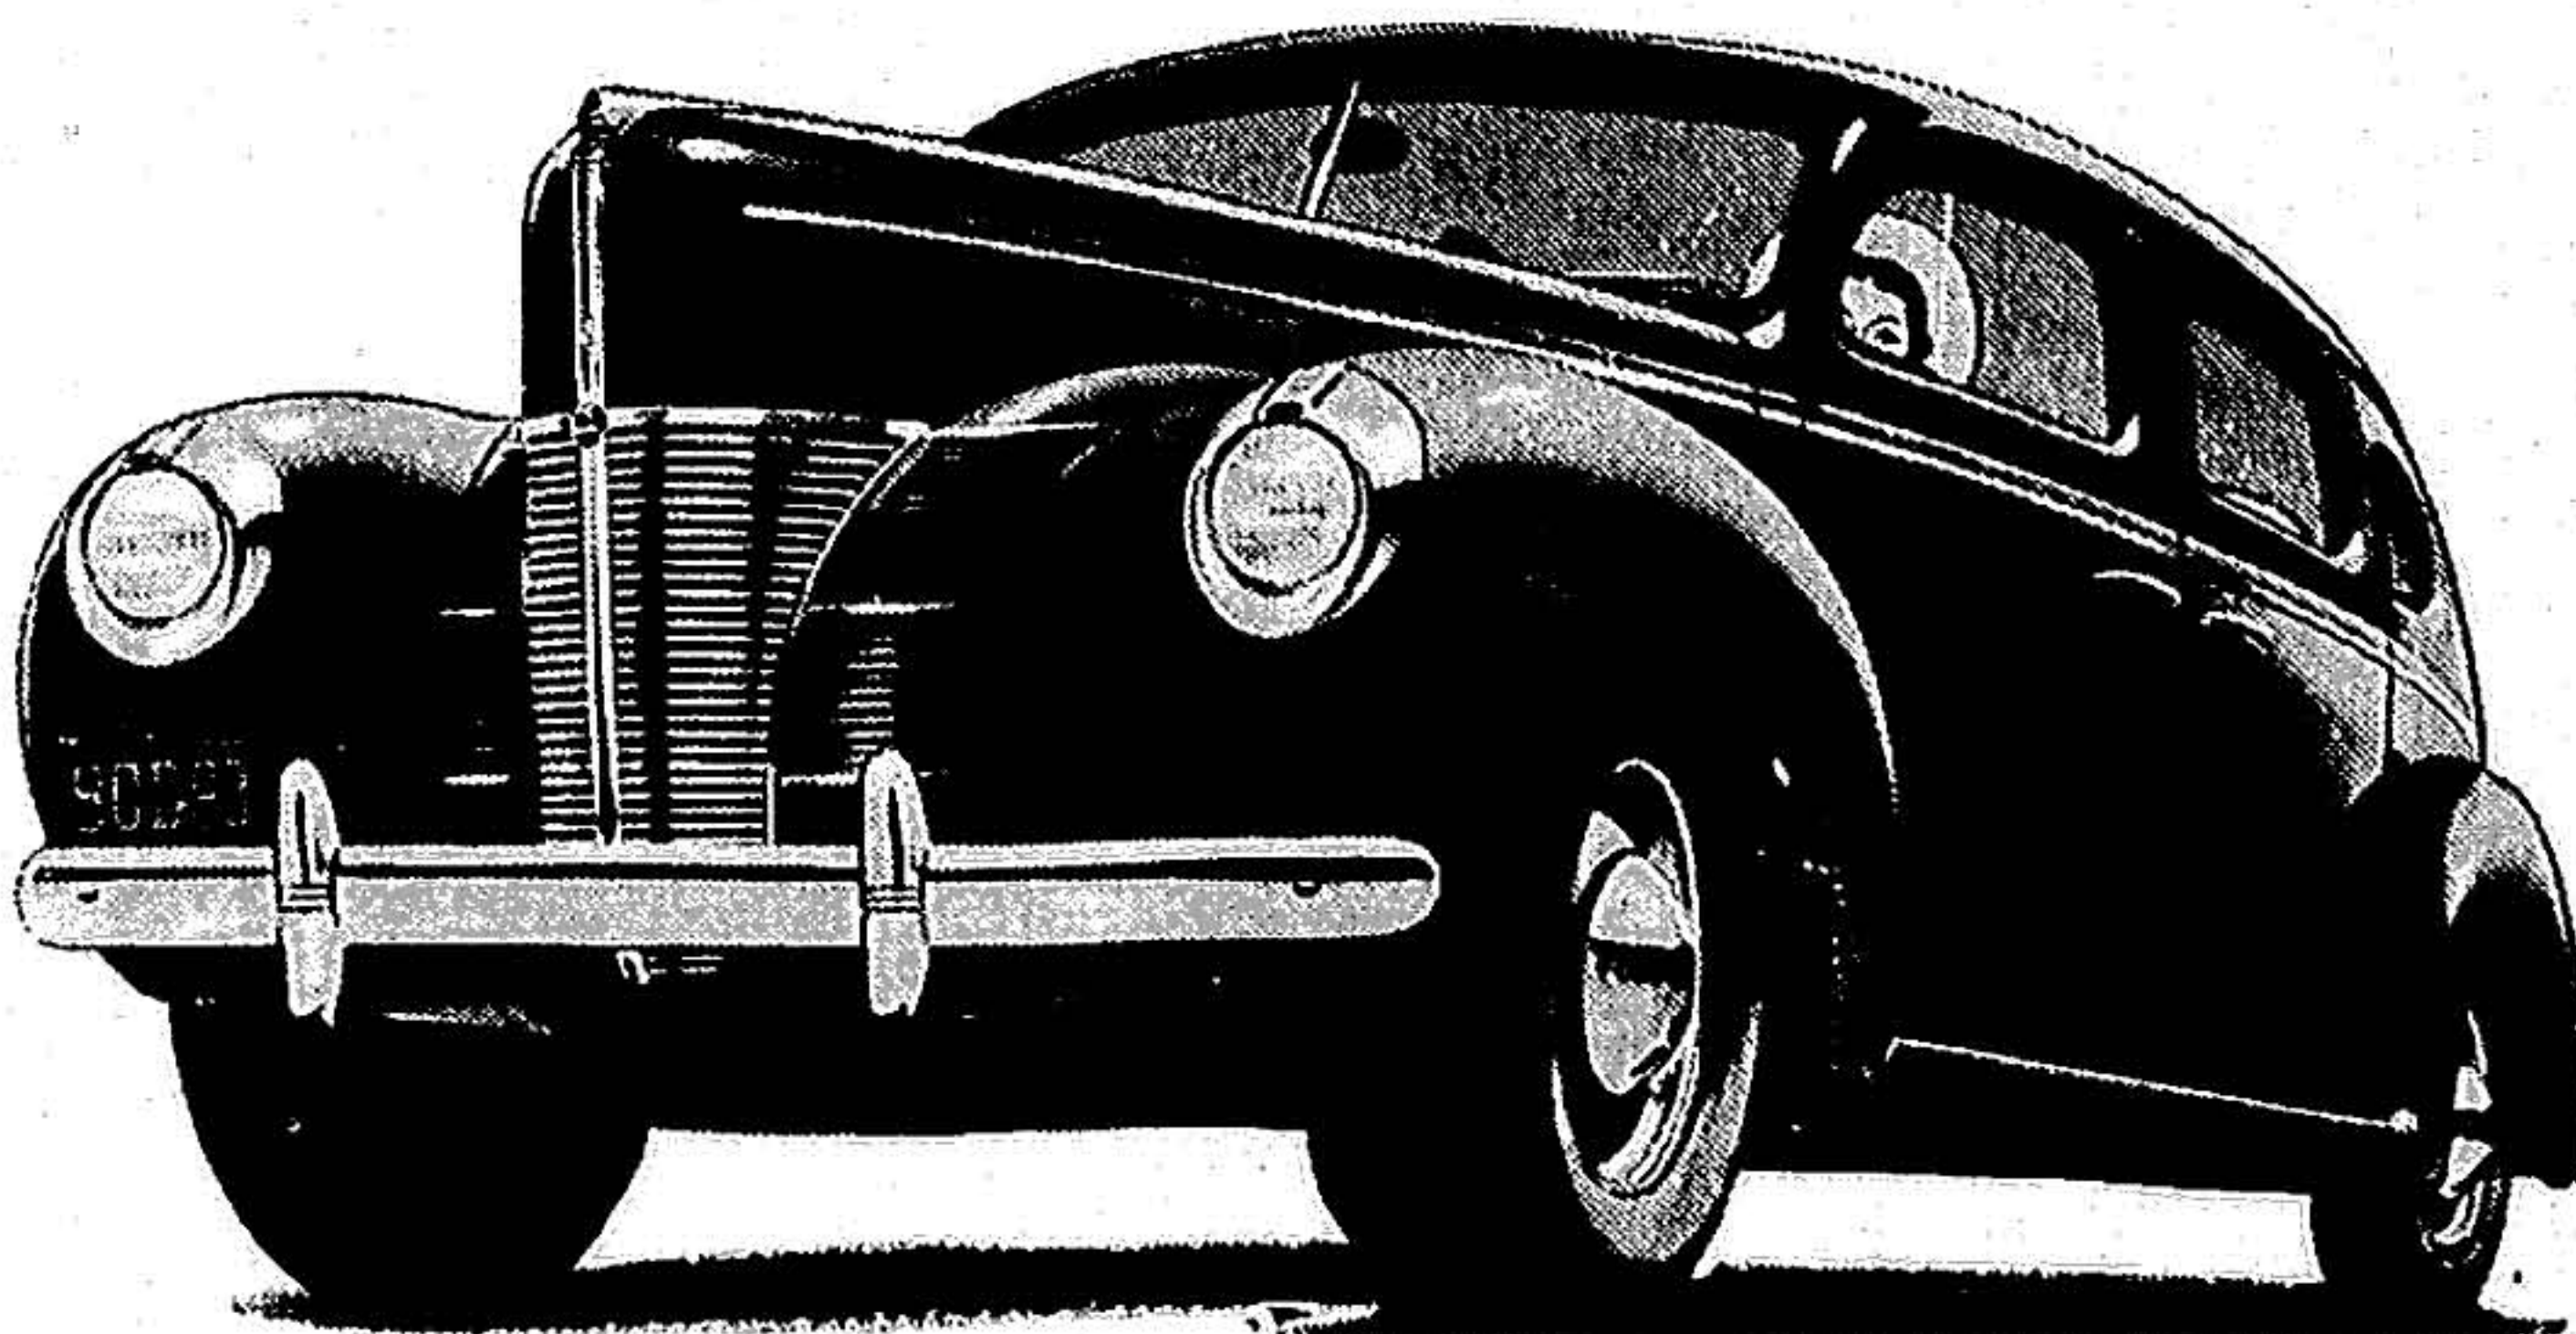

"Those berries are getting pretty popular at this time of year," said the Chickadee. "They won't like it over there much if the Shrike comes back, though. Perhaps we should have warned that fellow who was here to be on the lookout. I'll dash over and do it now. I always say that doing a good turn now and then keeps one from becoming selfish."

RETURNS FROM ENGLAND

AFTER LONG DELAY After a hazardous, nerve-racking voyage, Mrs. Alex. Thompson and her son, John, are once more safely back to their home on Victoria Ave.

Mrs. Thompson and John left as soon as school closed for a two months' visit to Mrs. Thompson's former home near London, England, intending to return the latter part of August. Sailing after sailing was cancelled, till Mrs. Thompson began to think she was there for the duration of the war, when she finally secured passage on a boat leaving Liverpool a week ago Saturday. It was anything but a pleasant trip, weather included, and all on board were particularly thankful when the boat docked at Montreal on Monday of this week and Mrs. Thompson and John reached home Tuesday morning.

The body of 39-year-old Warren Bell was found near the shore of Wasaga Beach on Monday morning, following the discovery of the body of his 66-year-old bride, Gertrude Small, in the Nottawasaga River on Friday afternoon. It is thought that their car carried them to their deaths when it missed the road and plunged into the river a few hours after their marriage on Thursday. The bride was the sister of the Toronto millionaire, Ambrose Small, who disappeared in 1910.

Apparently the victim of a heart attack, Captain Frank Clements died at his post at the wheel of his ferry-boat, on Monday, and the vessel crashed into the dock at full reverse speed and toppled a dock-warehouse into Puget Sound at Vancouver.

POLICE COURT

TELLS 2 MEN NOT TO SPEAK TO EACH OTHER

With only ten cases appearing on the court list Magistrate W. F. Woodliffe adjourned the police court here on Tuesday after only 20 minutes' hearing.

A charge of practising dentistry without being registered and paying the annual fee laid against Dr. S. C. Rutledge, Newmarket, was adjourned one week.

Lionel E. Armstrong, Toronto, speeding, 65 m.p.h., \$10 and costs, charge laid by Provincial Constable A. O. Ferguson.

Walter Hughes, Toronto, speeding, \$10 and costs, charge laid by Constable Ferguson.

C. R. Brown, Toronto, speeding, \$10 and costs, charge laid by Constable Ferguson.

Frank McEachern, Toronto, speeding, \$15 and costs, charge laid by County Constable Wm. Martindale.

A charge of assault laid against Henry Graham, East Gwillimbury township, was dismissed. W. T. Smith, King township, was the complainant.

"I was walking down the second concession of King when Graham rushed out from behind a hay-stack," stated Mr. Smith. "Graham struck at me three times but I kept out of his way, so that he didn't hit me. He wanted to fight and cursed and swore at me. I went on down the road to see another man but he wasn't home, so then I went to Toronto."

"Did Graham hit you at all?" asked Magistrate Woodliffe.

"No," answered Smith. "But he kept charging around."

"Were there any witnesses?"

"No, as there was no one around."

"I was sitting in a neighbor's house and a kid who was playing near the house came in and said, 'Here comes Mr. Smith with a great big club in his hand,' so I went out," stated Graham. "Smith has been hanging around here for some time. He has been sleeping in the bushes and scaring the children around the schools. When I went out I asked him what he was doing with the club. I told him that he was scaring people and he said that he would use the club on me. Smith threatened to hit me with the club."

"Why did you have a club?"

asked Magistrate Woodliffe. "I threw it down before I was talking to Graham," answered Smith.

"Why do you carry the club?"

"It is just a walking-stick cut out of a thorn bush."

"You two had better not have anything to do with one another and not even speak," Magistrate Woodliffe told the two men in dismissing the charge.

KESWICK

W. I. MEMBERS ENTERTAIN HUSBANDS

The regular monthly meeting of the Lakeside Women's Institute was held on Wednesday evening, Oct. 25, at the home of Mr. and Mrs. Roy Pollock, the husbands being the honored guests of the evening.

Mrs. W. Davidson, the president, presided during the short business period, the roll call being replied to by "Where I met my husband," the same replies causing much merriment.

Mr. Davidson was in charge of the entertainment for the evening, being assisted by Roy Pollock, both of whom gave very witty speeches. Arthur Pedlar sang several fine solos, being accompanied at the piano by Miss Marjorie Glover, who also played for the jolly sing-song.

Mrs. Aitchison added much to the evening's pleasure by telling fortunes, and Roy Pollock read in a very humorous manner "Pigs is Pigs." At the conclusion of a contest, conducted by Mrs. Vail, the winners of which were Mrs. Carl Kellington and Roy Pollock, first, and Mrs. J. Baines and Francis Morton, second, a delicious lunch was served.

Votes of thanks were expressed to the ladies by Mr. Davidson and to the gentlemen by Mrs. Friend Morton and Mrs. McGenerty and by Mrs. Vail to the host and hostess for a very delightful evening.

In spite of a very disagreeable, rainy night, there was a fine attendance. Everyone was reluctant to leave the kind hospitality of the Roy Pollock home.

Mrs. William Purdy, who last Sunday left to spend the winter with her daughter, Mrs. A. Morton, in Toronto, was agreeably surprised when on Thursday afternoon and evening many of her friends called to say goodbye and to wish her a safe return in the early spring. Mrs. Purdy was assisted by Mrs. S. Purdy and other of her friends in welcoming the unexpected guests.

During the evening Rev. C. E. Fockler was present, and there was singing and prayer, bringing a happy day to a suitable close. Miss Margaret Fockler attended the Ontario provincial Sunday-school convention at Woodstock this week.

Miss Kathleen Peel, with two friends, also nurses at the Western hospital, Toronto, spent Monday evening with her parents, Mr. and Mrs. F. Peel.

Mr. and Mrs. F. Peel were in at both services on Sunday, Oct. 29, and on Tuesday.

Rev. C. E. Fockler was present 29. His morning sermon on "Faith," was very thought-provoking in these unsettled and changing days, for, as Mr. Fockler said, "It's hard to retain one's faith in the days of success, in the easy sunny days," sometimes the storm is needed.

All are asked to keep in mind the combined M. and W. M. S. evening party to be held on Thursday, Nov. 9. This is to be a "birthday" party, and gifts will be received at a "white gift service," to be sent to northern Ontario. Warm clothing will be especially welcome.

A hearty invitation is extended to all to attend this worth-while as well as social evening of the church.

WOMEN MAKE RUGS AT WEEKLY MEETINGS

The members of St. Paul's Anglican women's auxiliary are hard at their seasonal work, and later will have beautiful rugs to show for their weekly sewing meetings.

They would like to tell the church members that presently they will be taking orders for the W.A. church calendar and ask their patronage. The cover picture is particularly suitable in view of world conditions, being Charles E. Butler's "King of Kings" and depicts the risen, victorious Christ receiving homage from the monarchs of all the ages.

GIRLS START RED CROSS WORK

On Monday, Oct. 30, the first real work meeting of the Nellie Forsythe Red Cross auxiliary was held at the home of Mrs. M. B. Seldon and work got well under way.

The meeting was completed by a delicious lunch graciously supplied by Mrs. Seldon.

The girls have Christmas cards to sell. Orders may be given to any of the girls.

All girls are again welcomed to the next meeting, Monday, Nov. 13, at 8 o'clock, at Mrs. Seldon's home, 30 Huron St.

PICKERING NOTES

The junior football team at Pickering College are having a banner season this year, with nine games already and seven wins. Last week they defeated St. Andrew's twice and lost their return game at Lakefield by a 7-3 score.

All the games were well played and the college team should be congratulated, along with their coaches, for the sterling showing that they are making.

The senior team remained idle during the week. Heavy practice was in order, however, and Brian Hodgekott really put his boys through the paces last week in anticipation of the two really tough games that the college will be

FIREMEN'S DANCE WILL BE HELD ON NOV. 10

The firemen's dance in the town hall on Friday, Nov. 10, will be largely attended. It is expected. Max Bough's orchestra will be in attendance. Novelty dances are planned. This is always a popular event.

playing within the coming week.

Brampton, a fast and hard-tackling team, are guests of the college tomorrow and Upper Canada College play hosts next Wednesday.

The college are going to play over their heads if necessary to keep their undefeated string of games intact. It will be the first time in the history of the school that a Pickering senior football team has been undefeated. That is, it may be.

A week from tomorrow the college will be holding its annual informal dance. Art West and his local orchestra will play and a goodly turnout is anticipated. Dick Henderson, of Toronto, is chairman of the dance committee.

For the past seven or eight years the college have been celebrating Halloween at the school itself. College boys are never seen on the Newmarket streets on Oct. 31. Instead of enjoying their Halloween in the usual manner they spend it with all due ceremony and formality in the school dining-room where songs, skits and good food are the order of the evening.

This year was no exception and one might even say that it was the best Halloween ever seen on the top of the hill. "Pete" Colgrove acted as the show with his piano playing and his dancing. Eddie "Mickey Rooney" (read The Mikado) again turned out to be a one-man show and had the packed dining-room in stitches whenever he showed his smiling countenance on the stage. It was a really fine show, in keeping with the best traditions of Halloween.

The three plays for Parents' Day (Oct. 2) have been finally decided upon. "The Monkey's Paw," one of the best-known one-act plays, will be directed by Murray Jackson, and the other two plays, "Little Man" and "Pink To Party," will be directed by Donald Howard.

The school's newspaper, "The Quaker Cracker," will make its first appearance of the year on or about Nov. 6. This year the paper is being handled by John Mack of Toronto, Percy Hammond of North Bay and Elliot Frost of Montreal.

GUIDES ARE GUESTS OF SCOUTS AND CUBS

Second Newmarket troop entertained the local Girl Guides at a colorful evening of fun on Monday evening. The Scout hall was decorated in the appropriate colors of Halloween with lighted pumpkins around the room.

About 100 Boy Scouts, Wolf Cubs and Girl Guides were on hand. The evening was opened with the flag break and the Cub promise followed by the Guide and Scout promises in order. A number of games were enjoyed by all, prizes given to the Guides who finished first and second in all the contest games. Among the prize-winners were Janice Law, Dorothy Thompson, Dorothy Dales, Virginia Davis and Peggy McFale.

Selections were given in good style by Harry McGee, accordion, Scout Leonard Burch, harmonica, and Scout Robt. McInnes, guitar. Gerald Rutledge doing the honors on the piano for the camp-fire sing-song.

The highlight of the evening came when Robert Martin, president of the Boy Scout Association, presented prizes to all the winners of Scout Apple Day. First prize went to Cub Pack Leader Tom Dales, who won for both 1938 and 1939. Other prize-winners were as follows, winning in the order named: 1938, Gordon Cockburn, Bob McFale, Vernon Thompson, Donald Cockburn, G. Tunney.

1939, Donald Cockburn, Grant Blight, O. Larsen, G. Hopper, Bob Spear.

After an enjoyable "feed" the Scouts presented an impromptu broadcast skit entitled "A Halloween Frank" with Assistant Cubmaster A. Townsley doing the announcing in professional style.

With the Cubs' howl of "Ah Kay La," and God Save the King, the evening was brought to a close.

Scoutmaster B. A. Budd and Assistant Jack Malcolm were in charge of the Scouts. Cubmaster Jack Hamilton and Assistant Arthur Townsley were in charge of the Cubs. Mrs. Althea Vansant was in charge of the Guides.

ARE MARRIED AT AUTUMN CEREMONY

The marriage took place in Trinity United church, Bloor St., Toronto, on Saturday, of Leonore Irene, daughter of Mr. and Mrs. J. J. McLean of Newmarket, to Mr. Robert D. Schoales, Toronto, son of the late Mr. and Mrs. Richard D. Schoales. Rev. J. C. Torrance officiated at the ceremony. Mrs. Jennie Goodman-Bouch was at the organ and the soloist was Mrs. W. W. Schoales.

The bride, given in marriage by her brother, Mr. William J. McLean, wore a rosewood velvet Victorian gown, matching turban and veil and carried dream roses. Mrs. Hugh Cameron was her sister's bridesmaid and wore a gown of dusty rose taffeta with flower cap, vine gloves and carried wine carnations. Mr. William Schoales was best man and the ushers were Mr. Hugh Cameron and Mr. Jack Turner.

The reception was held at Had-don Hall, Toronto. Mrs. McLean, mother of the bride, received the guests in a brick printed triple sheer with corsage of white roses and was assisted by the groom's sister, Mrs. John Turner, in du-bonnet crepe with corsage of yellow roses.

After a trip to New York, the couple will live at 120 Oriole Parkway, Toronto. The bride travelled in a fir green dress, seal coat and fur-trimmed hat.

Among the guests were Mrs. J. J. McLean and Douglas McLean, daughter of Newmarket; Mr. Wm. McLean and Mr. and Mrs. H. A. Davies of St. Catharines; Mr. and Mrs. Cecil Schoales of St. Lambert, Que.; Mr. Wm. Schoales of Belleville; Miss Lorna Russell, Montreal; Mr. and Mrs. Hedley McLean of Paisley and Mrs. Joseph Shaw of Wallaceburg.

BREAKS RIBS

Falling from a chair in the kitchen, Mrs. Eugene Rache, Queen St., broke two ribs yesterday. Mrs. Rache has not been in good health.

BOB DALES BREAKS ANKLE - BROTHER TURNS TABLES

While playing rugby at the university, Bob Dales broke a bone in his ankle last week. Both Bob and Jack Dales took part in the inter-university track meet, held in Toronto this year. Although Bob won the university pole vault, it was Jack who won the inter-university with a jump of 11 feet six inches.

APPOINT EXTRA OFFICERS TO GUARD PROPERTY

Extra officers were stationed throughout the summer months at Lake Huron on Halloween to protect the property of the citizens and property owners, as last year many small summer cottages and other small buildings had their windows broken or painted over by vandals.

Four officers, each with a car, were added to the present force which patrolled the north shore of the lake in York county.

BRIDE-TO-BE HONORED AT MANY PARTIES

Mrs. J. J. McLean and Mrs. Hugh Cameron, mother and sister of Miss Leonore McLean, entertained in her honor at a housewarming tea at the home of Mrs. Cameron, Toronto, last Thursday evening.

Parting tea were Mrs. J. W. Turner in blue lace and Mrs. Robert Robt in navy blue chiffon.

RAIN REDUCES ENTRIES IN PLOWING MATCH

Although it rained all morning on Friday, it didn't postpone the annual plowing match of the King and Vaughan township branch of the Ontario Plowmen's Association.

The matches got under way at noon, the rain cutting the number of entries from more than 70 to 33, and was continued until after darkness set in. One entry was left to be judged on Saturday.

Frank Laidlaw of Jarvis and William Hostrower of Malton were the judges of the plowing, while Elton Armstrong of Aurora and William Stephens of Woodbridge were in charge of the horses.

FISHER RE-ELECTED

With over 50 members present the Aurora board of trade last Thursday in their annual business dinner held at Dawson's Grill re-elected A. N. Fisher president for his third successive term.

"I feel this honor should be handed over to someone else," said Mr. Fisher. "I had expected to retire this year, but since you have re-elected me I pledge myself to carry on the work we are all vitally interested in to the best of my ability. I believe we are in for a good business year here and that we can look forward to the new year with confidence."

Only one executive change was made, Harry Aldrich replacing Dr. E. J. Henderson as vice-president. The doctor felt that owing to pressure of business and town council work he would rather act on the general committee. Ross Linton and A. M. Kirkwood are secretary and treasurer respectively, while the executive consists of: C. L. Lee, E. J. Henderson, C. E. Lund, W. Adams, W. J. Merchant and Dr. J. S. Urquhart.

W. J. Hamby, who has recently come to town, was introduced to the meeting and termed Aurora as "a friendly town."

BOYS' BAND RENDER DIFFICULT FANTASIA

The Aurora Boys' band will play the following program in the evening service at the Aurora United church, next Sunday, Nov. 5, commencing at 7 p.m.

Prelude, O. Valiant Hearts, C. Harris, D. D. hymn, "Jesus shall reign," hymn, "Blest be the tie," hymn, "Abide with me," hymn, "Lead Kindly Light."

Sacred fantasia, "In the Cloisters," Leo Torrance. Synopsis: "This piece opens representing the majestic tones of the organ echoing through the shadowy spaces of the abbey chapel. And there follows a melody, descriptive of the monks' devotional reverie, suggesting the throb and turmoil of the outer world. A calmness steals over the troubled atmosphere as the voices of the brothers are heard chanting the sacred strains of the Agnes Dei. This vocal dies slowly away with the final Miserere Nobis."

"The strains of the original devotional melody once again take up the story, to be followed by a few massive chords on the grand organ, bringing the composition to a majestic finale, and presenting to the mind vivid reflections on that higher life associated with the cloisters."

"It is quite an undertaking for any boys' band to play this number," said Bandmaster Robert Moore. "I am trusting my boys to give a good interpretation, so that the audience will know and understand what it is all about."

"God Save the King" will conclude the program.

HOLD EUCHECHE AND BRIDGE IN AID OF THE RED CROSS

The Women's Liberal Association of Aurora is sponsoring a bridge and euchre at the home of Mrs. James Whimster on Tuesday, Nov. 7, at 2:30 p.m. Proceeds are for the Aurora branch of the Red Cross Society. Ladies will pivot and a prize will be given at each table. Tea will be served. All ladies are cordially invited.

BOY FROM WEST WILL THINK WARMLY OF AURORA AS TOWN OF FATHERLY FOLK

The municipality has had a guest of honor for the past week! A western Canada lad of 10, friendly, weary, and ill came into town to "hop a rattler for the bay," as he put it. But fatigue and suffering intervened, and kind-hearted local officials provided him with meals, medical attention, and a bed on a bench in the town hall, until a ticket home came from the youth's father in Regina.

The boy talked to this wandering boy so many miles from home, as he lay on his makeshift bed, in his ill-fitting clothes and socks badly in need of repair.

"They've been swell to me here," he commented. "This is a new experience for me. I've been away from home for three years, but I've always managed to get some odd job to do until the last two weeks. Not much dough you know, but enough to eat and sleep on. When that ticket comes through I'll be on my way back to dad, and back to school. A guy doesn't know when he's well off, I guess. This far-away fields stuff is the bunk."

RED CROSS OFFER ROOMS TO WORKERS

Anyone wishing to do sewing or quilting for the Red Cross may use the Red Cross campaign rooms in the Aurora post office each Friday from 2 to 5 p.m.

The local branch have already forwarded 35 pairs of socks to Toronto headquarters, and further supplies of wool may be secured free of charge from Mrs. Jos. McGhee on Tuesday and Friday afternoons at the Aurora post office. Members are urged to return the finished socks to the society as soon as possible.

ora as "a friendly town." "Everyone here is most neighborly," he said. "We feel like old residents instead of newcomers. I don't believe there's a town in Ontario with a better community spirit."

Dr. C. R. Boulding and Mayor J. M. Walton both spoke briefly, commending the executive on their past year's work and urging them to carry on the fight to eliminate the Yonge St. "bottleneck."

Rev. Dr. E. J. Thompson of Aurora United church, who last summer spent six weeks in the motherland, told of some of his experiences and observations in a humorous address entitled: "The bread-basket of the British Empire."

OLDER BOYS CAUSE DAMAGE AND WORRY

While Aurora school children paraded to the Aurora public school on Halloween night, older boys in town went berserk and caused considerable property damage throughout town, tearing down many fences and causing considerable disorder on many premises. Firemen were called from their beds at 1 a.m. to answer a false alarm.

Under the guidance of Principal J. G. McDonald, the chairman of the school board, Dr. C. J. Devins, members of the Aurora fire brigade, and the school staff, the annual school parade presented a picturesque sight as countless youngsters in costume marched to the school.

Each class held special proceedings. Halloween games were enjoyed to the full and treats and costume prizes were provided. The Aurora Citizens' band headed the parade.

NEW BOOK THROWS LIGHT ON GERMANY

Among the books recently added to Aurora library and well worth reading is "Through Embassy Eyes," by Martha Dodd. This is an account of more than four years spent in Nazi Germany, by the daughter of the former American ambassador.

At first stimulated by the brilliant life, the lavish entertainment, and the change, she found many things to admire and study, then through increased knowledge, keener analysis of the personalities and environment, began to see the real significance of Hitler's Germany. A startling story of disillusionment and growing fury is this record of what happened to her family and other friends and acquaintances.

It is emblazoned with the school motto, "Truth, Courage, Loyalty." Prize for submitting the best motto goes to Bill Devins, son of Dr. C. J. Devins, school board chairman, whose entry was judged best from the many entries submitted.

FOUND EVERYWHERE

The Era is found in most of the homes of progressive and successful farmers in the Newmarket and Aurora district. The Era is a favorite because it gives so much district news each week, and because The Era always tries to stand for what is best and progressive. As a result The Era is the ideal advertising medium for the householder or the merchant.

DOWN THE CENTRE

Turning the Dials

Tuning in on the Big Four rugby broadcasts the past couple of weeks we have been pleased to hear again the mellifluous accents of our favorite Canadian sports commentator, Clary Settell, otherwise known as the "Old Observer." For some inexplicable reason this likeable gent, whose weekly broadcast over the commission net-work was a weekly treat to which thousands of sports followers across Canada listened, has not been heard on the air very frequently the last three or four months, and when we are forced to listen to the would-be substitutes broadcasting we can truly sing, "Oh how I miss you tonight."

For the most part sports programs on the air are pretty drab affairs. Two well-known commentators, broadcasting from Toronto, appear to think that a rehash of the newspaper write-ups from the day's sport pages are really interesting to what must be thousands of listeners who merely tune-in to get the day's scores or racing results. Then too there is a continual ballyhoo raised about future events which sounds like paid propaganda, and worst of all are the commercial interruptions which nauseate by continual day-by-day repetition.

Monotony of voice and glaring inaccuracies are all too common in the majority of these programs. Foster Hewitt, Buck Dryden and Rex Stimmers do put some real expression in their voices and give a nice running commentary of events which is easy to follow on the fireside front but Foster and Rex are apt to be carried away by their own personal favorites. Percy Lesuer gives interesting and fairly accurate between-period talks but is handicapped, as was the Moaner (our favorite sports columnist, Ted Reeve), by a poor air voice.

Ralph Huibell of Buffalo and his fellow worker, Jim Griss, are two boys who really do a good job for all concerned. The one and only Ted Husing needs no additional accolades. His work is tops. With so few headlines available, Settell, who was in big-time on the Pacific coast, is a natural. Well-written scripts, readily accurate, and punctuated with the right blending of pathos, humor and originality marked his work. Here's hoping the old observer will soon be back on a decent spot. We'll be listening.

Junior B Flashes

Aurora junior hockey club are now officially entered in the O. H. A. B series and from reported material available should be able to give a good account of themselves in the higher series.

The Simcoe-Grey group immediately to our north appears to be somewhat up in the air as to what's taking place but the winner of that group as usual will bear close watching. Barrie, who spent about \$2,400 last year and failed to get a winner, will carry on with local boys and while they may not come out on top there is plenty of promising material on hand.

Midland is definitely in the doldrums and the executive officials are out on a limb wondering about the future. Penetration have lost the old maestro, Bill Hancock, who coached them last year, but they are regarded as the dark horses, as hockey is on the move there. Owen Sound, who were heavy favorites early in the year, are now problematical in strength. If too strong they may be forced into the A series for lack of competition, but if they have really lost all the players reported they'll only be fair in B. This is one of the groupings in which the locals may be included.

"TOO MUCH THEORY," IS A DANGEROUS THING SAYS TEACHER TALKING OF CARBOHYDRATES

The October meeting of the Aurora branch of the Women's Institute was held Thursday evening at the home of Mrs. Leslie Borden, Fluey St.

Mrs. John Klees presided over the meeting and the roll-call of members and visitors caused much reminiscing as each answered with the name of her first school-teacher. The menu was pumpkin pie and coffee.

The speaker of the evening was Miss Ruth Kitching, teacher of household science at Aurora high school, who dealt with her subject, "Carbohydrates," in a most interesting and instructive manner. She told of the food values contained in the various foods and said that many advertisements and old-fashioned ideas were misleading in this regard.

now about with a cane after being bedridden for a couple of months following a motorcycle crash. Sport fans everywhere are hoping for a complete recovery. Bert Tunney and Bill West are at it again! Local hockey moguls have lured these two stalwarts back to the fold, and together with Charlie Malloy they will form the joint managerial and finance committee. Herbie Cain has followed "Molly" to the minors, being sent to the New Haven Eagles by Les Canadiens. On his record last year he certainly deserved a better fate, and when one scans the somewhat flea-bitten Montreal roster it seems hard to believe that it can be so. Bobby Porter and his Andreams are still percolating at full speed, spilling Ridley College 14-0 on Saturday at the College stadium. Yea, St. Andrew's! Markham High will play their postponed soccer match of last Friday with the local school in the town park tomorrow. Sutton Intermediates are now angling for the services of Ross Folliott, who has just returned from a try-out with Atlantic City Seagulls. Corbeau had the Aurora boy working out on the forward-line, and Ross just missed out clinching a berth, although he was handicapped by being placed on the front-line instead of the rear-guard patrol duty. Bolton has dropped from intermediate ranks to junior C this year. The team will largely be composed of Weston players, and they expect to make things interesting this winter for Milton. Davie Silk, who paced the Orangeville team to the C title over the local junior entry two years ago, has returned home after a poor year with Barrie Colts in '39. He will play intermediate with the Duffins. Newmarket was after him, but missed out. Art Eden, formerly of Aurora, this year is headman in Richmond Hill curling circles. The Hill is the sole survivor in the bosom and stance pastime in North York. Keith Knowles will again be out battling for a place with this year's Junior team. Properly handled, this boy should make the grade, and it's altogether likely he'll get that needed discipline now. John Sisman, who performed for St. Andrew's, will likely be available for ice duty with the town team and will be a real contender for a front-line spot.

Names Please! All local boys of the district desiring to try out for a place with this year's Junior O. H. A. team are urged to leave their names with Bert Tunney as soon as possible. P. T. and ice practices will commence next week under the direction of a competent and experienced coach. Every boy will be given a full opportunity to make good and suitable arrangements will be made to see that hockey will be made available for all this year. It is expected the team will enter both the S. P. A. series in Toronto and Midland. There is plenty of hockey power lying dormant locally. Get on the band wagon boys and show your stuff!

Local Boy Makes Good

Douglas "Nig" Smith, brother of Frank and Julius Smith, who played both hockey and horserace locally before moving to Toronto, will again pilot an entry in the Major T. H. L. series. This year it will be the post office crew, who are always contenders for the title. Smith has an enviable record as coach, his teams having annexed honors four or five times. His best team was the Eaton entry some years ago, which included Bill Thoms and Mike Underwood among others. He has also been prominent in official circles and has served on many executive positions. Here is a man who might just fill the bill in the local coaching spot. His teams have always been well-drilled and dead game, and personally he is a gentleman on and off the ice.

THIEVES ESCAPE WITH \$50 FROM SUTTON DAIRY

Thieves escaped with \$50 from Briars Dairy, Sutton, early Sunday morning, when they gained entrance to the plant through the back door and blew open a safe.

The robbery was discovered by Charles De Greer, driver for the dairy, who was reporting for duty. He immediately notified York county Police Constable William Hill.

John Loneragan, who lives directly opposite the dairy, heard an explosion two hours before the theft was discovered but believing it to be men working in the dairy paid little attention to the noise.

Provincial fingerprint experts examined the remains of the safe. Investigations are continuing.

Hallowe'en Prank Has Serious Consequence

PROVINCIAL CONSTABLE INJURED WHEN OBSTACLES STRUCK

SEEK PERPETRATORS

As a result of a reckless and foolhardy Halloween prank Traffic Officer Alex Ferguson, of Aurora, suffered severe injuries on Tuesday evening when he crashed into some cement flower boxes, opposite the Aurora waterworks, which had been placed on the highway by local youths.

Ferguson was proceeding north on Yonge St. south at about 7 p.m. and had no chance to avert the accident. Fortunately, he was travelling at a moderate rate of speed or more serious consequences might have occurred.

He was attended by Dr. Jas. Urquhart and was taken to York County Hospital at Newmarket on Wednesday morning for X-ray.

Local police officers are investigating the incident.

HALLOWEEN PRANKSTERS ARE ESCORTED HOME

Constable Aubrey Fluey of the York county police staff helped solve the problem of keeping mischievous youths out of trouble, in Aurora, by picking them up and driving them home in his car.

Constable Fluey took about 30 boys home and warned their parents to keep them indoors for the remainder of the night.

REGISTER ALIENS

Chief of Police Dunham, who has been conducting a registration of German aliens for the past two weeks, reports that to date five in this district have come forward and declared themselves. All have taken the required declaration. "We are still quietly taking every precaution to protect town property and we will continue to do so," he said.

Stuart, Linton Opposed To Election Moratorium

WOULD MEAN \$100 SAVING TO TOWN, IF PROPOSAL GOES THROUGH

The town clerk's office advised The Era this week that Aurora's annual election costs each year amounted to about \$100 and that this amount would be saved if Premier Hepburn puts through the proposed election moratorium act.

Mayor J. M. Walton refused to be quoted in the matter at this time. Deputy-Reeve L. K. Farr expressed indifference in the matter.

"It makes no difference to me personally," he told The Era.

Councillor John Stuart was against the proposal. "I think we should hold an election each year. I am opposed to the proposal. It is all right in the bigger centres. But the saving here is so small it would make no difference to the taxpayers."

Councillor Ross Linton agreed with Mr. Stuart. "I have been giving the matter much thought," he told The Era. "I believe it is getting away from democratic ideals if it is adopted. I am in favor of an annual election."

A. H. S. STUDENTS SEE HALL OF FUN

With a varied assortment of tramps, Spanish girls, pirates, pierrots, and pierrettes, and countless other costumed dancers, pupils of Aurora high school made merry on Friday last in the school auditorium.

Before reaching the dance floor, however, the guests were compelled to take the ghost-walk through a combination chamber of horrors and hall of fun comparable to the best midway efforts. Those that successfully endured this test were then judged for

KING TOWNSHIP MONTH'S RELIEF IS ONLY \$78 IN KING

There are six families on re-
lief, making a total of 45 per-
sons, and one additional family
gets rent only, according to
Charles Ross, King township
relief officer, at King township
council meeting at King City
Saturday. Total cost amounted
to \$78.39 in September.

"I notice on some of these bills
there are things we don't have
on our own table," said Coun-
cillor Wm. Barker. "There are
several items for fruit cake
and cookies, which must be out
of order."

"Tell the storekeepers to omit
the luxury stuff," said Coun-
cillor E. M. Legge.

"We have no trouble as a rule,"
explained Mr. Ross. "One wo-
man can't bake because of her
condition. I think she's entitled
to get a small amount of pastry."
When a Schomberg doctor's
relief account came up for pay-
ment, Councillor Legge opposed
payment. "We should put our
foot down now," he said. "The
Schomberg doctors are always
late in rendering their accounts.
They don't make a real effort to
collect themselves and expect us
to pay. Other doctors I could
name don't bother even billing
us."

"We have no alternative but
to pay in most cases," said De-
puty-Reeve Lorne Goodfellow.
"We can only be compelled to
pay a maximum amount of 50
per cent. I think we should pay
this one account of \$4.50, and
tender a cheque for \$10 for the
other."

The sooner someone says
they're going to get nothing the
better," replied Mr. Legge.
Council, however, decided they
were obligated to pay the bills
and adopted Mr. Goodfellow's
proposal.

KING CITY SPECIAL SERVICES ARE WELL ATTENDED

The Sunday-school anniversary
of the United church was held on
Sunday, Oct. 29. In the morning,
the local choir was present and
Mrs. Aubrey Gordon sang a solo.

Rev. Wesley Hunnisset of the
Fred Victor Mission was the
speaker, using for his theme the
story of the "loaves and fishes".

He spoke particularly to the
children, thus bringing the text
out in a different light. He
presented it in the form of the
character of the little boy, his
ambition and love and thoughtfulness.

"We should use him as an
example in our home-life," Mr.
Hunnisset said.

In the evening, Laskay choir
was in attendance and Miss Ruth
Baldwin sang a solo.

Wm. Boddy of the United church
book rooms spoke, and his address
was directed to youth. His main
theme was the importance of keep-
ing an open mind on things of im-
portance, religion, music, literature
and art. These things, he said,
cannot be appreciated until one is
educated enough to accept their
beauty and significance. Both
services were well attended.

Miss Mattie Hamblin is ill in bed
with a throat ailment. A quick re-
covery is hoped for.

Misses Helen Campbell and Hazel
Hamblin attended the teachers' con-
vention held at the Royal York

health again. Everyone hopes he
will soon enjoy better health.

bution of over 40 bags of fruit and
vegetables for mission work in
Toronto.

EVERESLEY CHARIVARI PARTY GIVEN NEWLYWEDS

A delightful party was held at
the home of Mrs. Gellatly on
Monday evening. It was the sequel
to the charivari party given to Mr.
and Mrs. Walter Gellatly on their
return from their honeymoon. The
rooms were filled with a jolly
crowd of guests, some of whom
played Chinese checkers and
croquinolet. All had gathered,
Rev. M. E. Burch, as chairman
of the program, made jokes and
led in community singing. Mrs.
Rolling presided at the piano.
Mrs. Gordon and Miss Jesse
Gellatly sang duets, and Mrs.

KING TOWNSHIP RURAL POSTMEN SEEK LEGISLATIVE AID AGAINST BLIZZARDS AND SNOWDRIFTS AHEAD

Three rural mail-carriers from
the vicinity of King City, antici-
pating another heavy snowfall
this winter, waited on King
township council on Saturday
seeking to have their routes pro-
tected by snow fencing.

"We gave you helpers on sev-
eral occasions last year," said
Reeve Thos. McMurchy.

"Yes, and it didn't help much,"
said Postman Cecil Kinnee.

"I didn't get any help at all,"
said Ernest Cummings, one of
the delegation.

"Well, it's up to Vaughan
township to help you further.
We've done our part," said the
reeve.

"Where does the snow come
from?" countered Mr. Cum-
mings.

"Last year it blew from
Vaughan township, according to
my observations," interjected
Councillor E. M. Legge.

"I've had a message from Mars
entertained parents and friends at
a delightful Halloween party Tues-
day afternoon.

On Thursday evening, Nov. 9,
the W. A. of the United church are
having a social evening at the
home of Cecil Wray. Everyone is
invited.

party, for a two weeks vacation in
northern Ontario.

KING TOWNSHIP NOBLETON GETS THEM LLOYDTOWN WANTS 'EM

"We have 31 names to our
petition," said H. H. Sawdon,
who headed a delegation of
Lloydtown ratepayers at King
township council meeting at
King City on Saturday. They
sought council's approval for a
proposed street lighting program.

"There are only three or four
opposed," said Mr. Sawdon. "We
must, however, remedy in some
way the assessment problem pre-
sented by certain farm lands ad-
joining us."

"What will the cost be?" asked
Reeve Thomas McMurchy.

"About \$400," said Mr. Saw-
don.

"I don't think this matter is
properly before us," said Coun-
cillor B. Graham. "Get the
proper advice and come back.
You will have to have an area
created and you will have to
have something definite. You
are not a police village like
Nobleton and so it is difficult to
act, since there are no commis-
sioners or officials."

"Will you meet us as a body
along with the Hydro?" asked
Mr. Sawdon.

"Yes," said the reeve. "I know
all members of council will want
to do all they can to speed things
up for you but we must be sure
of what we're doing."

The council will await further
advice from the Lloydtown group.

Nobleton police village commis-
sioners, represented by Harold
Pringle and Howard Weller, had
their electric light program ap-
proved by council.

"We have seen the Hydro and
they approve our plans, and
await your sanction," said Mr.
Pringle.

"It's going to cost us
\$650 and we have arranged to
get the funds privately. The
village commissioners have ap-
proved everything, and we are
ready to go ahead."

"Passed," cried Councillor
Legge and Deputy-Reeve Good-
fellow as council approved the
request.

GLENVILLE SCHOOL CHILDREN ENTERTAIN PARENTS

Mr. Blackburn of Winnipeg, who
spent the month visiting his daugh-
ter, Mrs. Gordon Webster, returned
home this week.

Mrs. Delma of Newmarket spent
the weekend at Mr. T. P. Webster's.

Mr. and Mrs. J. Jones and
Donald spent the weekend in Owen
Sound with Mr. Jones' parents.

Miss Owens and her pupils

Gordon helped wonderfully in the
singing.

Mrs. A. McMurchy told her story
of "Being down at Mary's" in her
inimitable way, and Mrs. A.
McClure gave her humorous
"Reasons for Thanksgiving." Mrs.
Jack Archibald caused laughter
with another reading.

Miss Elizabeth McClure read an
address to Mr. and Mrs. Walter
Gellatly, and Mr. Tolling presented
them with a handsome electric
floor lamp. The newly-weds re-
ceived and thanked their guests
graciously.

A bountiful lunch was enjoyed
and midnight found most of the
guests home or on their homeward
way.

The Eversley auxiliary of the
W.M.B. will hold their thank-
offering meeting at the home of
Mrs. Lyle Wells on Wednesday,
Nov. 15.

A sale of small articles, to be
contributed by the members, will
be held at the close to boost the
funds. An Afghan has already
been sold. A quilt is among the
offerings.

Mrs. George Nell, of Richmond
Hill, spent the weekend with her
brother-in-law, Mr. Charles Nell's
family, and attended morning
services in Eversley church with
Mrs. Nell, and renewed old
acquaintances.

Bill Robinson called on Miss A. A.
Ferguson recently in his soldier's
uniform. He joined the signalling
corps, and his brother, Tom, is in
another division of the service.

Mr. and Mrs. Douglas Kerr
Lawson, of Swanton, in the Kir-
land Lake region, called on Miss
Fisher on Saturday. They had
motored down to Toronto and were
returning. They were hurrying
northward to Callander, as the
snowstorm they encountered in
Toronto made them expect more
snow and worse roads farther
north.

Victoria Square

The Y. P. U. met on Sunday
evening for the regular weekly
meeting. A splendid paper on
"Christian Citizenship" was given
by Ian Macdonald. Mr. Macdon-
ald has just completed a course
on "Citizenship" at the fall train-
ing school and received a certi-
ficate from that department,
being the only member from the
Square to write the assignments
in any course.

Seven of the Y. P. U. members
attended the closing exercises of
the training school at Trinity
United church, Newmarket, last
Friday night, and thoroughly en-
joyed the splendid program by
Rev. Wesley Hunnisset and his
orchestra from Fred Victor Mis-
sion, Toronto.

Special anniversary services
will be held in the United church
on Sunday next at 2:30 and 7:30
p.m. The guest speaker at both
services will be Rev. Mr. Sanderson
of St. Cuthbert's church,
Toronto, and the guest soloist
will be Robert Turp, Aurora.

Victoria Square's major social
event of the year, the annual hot
fowl supper, served by the Wo-
men's Association, was held on
Wednesday night.

The supper was followed by a
splendid program by the Beth-
esda Concert Company, which
presented its delightful musical

be. I think that Mel. Jones
(founder of Lions clubs) must
have been a prophet.

"Where you have men getting
together, helping each other,
encouraging each other, you have
the beginning of a service club."

"Men want to know first if
there is a need. If there is a
need, then they will go to work."

"Isn't it surprising that men
can be bigoted and intolerant in
this day?"

"Wherever a man holds out the
hand of good-will to a French-
man, Englishman or German, he
is laying a foundation for per-
petual peace."

"We may be jealous of the
self-centredness of the United
States, yet the American people
have every right to keep out of
war."

"No longer does each man have
to dig his own well. No longer
does each man have to protect
himself, we have police. No
longer do people have to go to
visit their friends, they can use
the telephone. In this day we
co-operate together."

"In Canada there are thousands
of people living below the sub-

sistence level. Can Canada be-
come a great nation with a dis-
ease like that in her heart?"

"Where you have a man liking
his job, believing that he is
doing it as well as anyone else
could do it, there you have a
worthy citizen."

"We need a revival of public-
mindedness. We need the public
conscience thoroughly aroused.
We want people to understand
that freedom's privileges under
the British flag are not just to
be enjoyed but are to be in-
creased."

"Science, which has given us
comforts, has pitchforked us into
situations that have taxed our
imagination," said Rev. Mr.
Dorrian in his address.

"The priest stands for the
status quo. The prophet is never
popular. He sees in the far dis-
tance visions of things that might

recognition of 15 years' perfect
attendance.

any benefit I have given," re-
plied Mr. Lambert.

club carnival had amounted to

book, but to give of your time,

Victoria Square

The Y. P. U. met on Sunday
evening for the regular weekly
meeting. A splendid paper on
"Christian Citizenship" was given
by Ian Macdonald. Mr. Macdon-
ald has just completed a course
on "Citizenship" at the fall train-
ing school and received a certi-
ficate from that department,
being the only member from the
Square to write the assignments
in any course.

Seven of the Y. P. U. members
attended the closing exercises of
the training school at Trinity
United church, Newmarket, last
Friday night, and thoroughly en-
joyed the splendid program by
Rev. Wesley Hunnisset and his
orchestra from Fred Victor Mis-
sion, Toronto.

Special anniversary services
will be held in the United church
on Sunday next at 2:30 and 7:30
p.m. The guest speaker at both
services will be Rev. Mr. Sanderson
of St. Cuthbert's church,
Toronto, and the guest soloist
will be Robert Turp, Aurora.

Victoria Square's major social
event of the year, the annual hot
fowl supper, served by the Wo-
men's Association, was held on
Wednesday night.

The supper was followed by a
splendid program by the Beth-

presented its delightful musical
play, "The Last Rehearsal."

Kidney Acids
Rob Your Rest

Many people never seem to get a good
night's rest. They turn and toss—their
heads and feet ache. Often they blame it on
"nerves" when it may be their kidneys.
Healthy kidneys filter poisons from the
blood. If they are faulty and fail, poisons
stay in the system and sleeplessness, head-
ache, backache often follow. If you don't
sleep well, try Dodd's Kidney Pills—for
half a century the favorite remedy for

SLAPS 'N' SCRAPS

HERE
THERE
EVERY-
WHERE
—
By RALPH M.
ADAMS

Comes Thursday we should
have fightback but we don't have
fightback this week.

A hitch some place in the
works canned the scraps for this
time. I am believing there was
a nigger in somebody's chicken
coop some place.

However, Promoter Spillette
assured your scribe this week
that every effort would be made
to have a first-class card for next
Thursday, Nov. 9.

I can't vouch that all the local
boys will be on the starting-line
that night but some will be in
there slugging away.

As far as your scribe can
gather, the card will include such
capable performers as Pegnolia,
Dodge, Ferguson, Young, Maxie
Scott (conqueror of Johnny
O'Connor) and possibly young
Joey Ferrier.

Once and for all, don't be
afraid of the cold weather; your
scribe is going to sit all through
it, so why not you, even tho'
some of you fans may not be
padded as amply as yours truly.

Now to get away from the
cauliflower industry to the
realms of puckery and find out
exactly where we stand this win-
ter.

With all the good kids we had
performing with the juveniles
last winter the juniors should
have the nucleus of a smart
squad.

From last season's reminis-
cences I can recall that one line
of the juveniles, McInnes, Luck
and Jelley, were on a par with
nearly any of the junior "C"
outfits that I have seen in action.

Besides, we had Dillman in the
twine, a comer with a little ex-
perience who should develop into
a first-class net-minder.

In the town league a couple of
good prospects glimmered for
junior hockey before the loop
closed, so my advice to the
powers that be is to nab these
kids for their O. H. A. outfit.

Right now, I haven't the exact
dope on the lay of the land as to
this junior situation, but hope to
have the whole truth and nothing
but the truth by the next issue.

PEPPER AND SALT

BY "PEP"

With no fight card on deck
this week the local sports whirl
has slowed down considerably.
Here's a refresher of some an-
cient sport history in the Hub.

It was just a little less than 12
years ago that a rampaging band
of Newmarket juniors captured
the S. P. A. hockey crown by
defeating Marlborough 3-2. The
Redmen's line-up in that game
read like this: goal, Ames; de-
fence, Pringle and Perrault;
centre, Thoms; wings, Murray
and Collings; subs, Trivett, Wal-
ker, McKelvey and Teasdale.
Included in Marlborough's line-up
was Alex (Big Train) Conacher,
Charlie Conacher, Red Horner,
Shrimp McPherson and Harvey
Jackson.

Out of that array were to rise
six National Leaguers. The only
local shining star from that line-
up now in the big time is Bill
Thoms, who is with the Chicago
Black Hawks. The 'Big Train' is
one of the Ontario Athletic
Association moguls.

The first rugby tout between
the high school seniors and
Pickering College is slated for
Nov. 9. This late starting of the
favorite fall pastime on the hill
is caused by the inter-school field
day arrangements which permit
little chance for a suitable per-
iod of practice. The local
coaches would much prefer a
spring field meet to allow for the
pig-skin classics. However, daily
scrimmage practices are giving
the rah-rah boys a durable set
of pipes.

Any Walter Winchelling done
by this left-hander Halloween
night produced few 'caught in
the net' observations. The only
place where the building topog-
raphy was changed was in the
north end, where facilities aren't
so modern.

How Could He?

Mister: What do you mean I've
been deceiving you for years?
Misus (tearfully): I've just
found out the government allows
you \$2,500 a year on your income
tax for being married and you
give me a menial allowance of
\$10 a month.

onto spent the weekend with Mr.
and Mrs. Harry Mills.

The Y. P. S. sponsored a Hal-

Michael's hospital, Toronto.

The Women's Institute met at
the home of Mrs. J. Badger last
Wednesday afternoon. A large
attendance signified the interest
taken by the ladies. Knitting is
in full swing in the interests of the
Red Cross. A cake demonstration
was put on by three ladies of the
Institute, and a glove-making
course which is being taken up by
the members will prove a very
educational project.

Mr. William Farren, Jr., suffered
a very painful accident last week,
when a piece of shattered stone
injured his eye. At the present
time he is suffering a great deal
of pain. His many friends hope he
will soon be well again.

Special meetings are being con-
ducted this week, with Rev. J. T.
King of Armadale as speaker.

Miss Ethel Hasard, who has
spent the past eight months in
Holt, has returned to Newmarket
for the winter.

Holt young people put on the
program Monday evening at Mount
Albert United church.

Maple Hill

Those who were not at Maple
Hill church Sunday evening missed
a rare treat. The young people
sang very well. Little Bernice
Scott sang a solo and Mary Carol
and Shirley Knights sang a duet.
These were much enjoyed as
they are such little girls and sing
very well.

The speaker was a missionary
on furlough from China, Rev.
Mr. Jeffreys. His subject was
"Casting out demons in China."
He was very interesting and had
many curios to show.

any promise. When Hitler was
made chancellor of the German
empire in 1933 he had 40 per
cent only of the German people
for him. He had 60 per cent
against.

"He kept these 60 per cent in
a terror that no one not there
could imagine. Think of Ger-
many as a country 60 per cent of
whose people cannot express
their opinions and 40 per cent of
whose people can express only
the opinions that are made for
them.

"We Austrians, being close to
the Germans, could not believe
all we heard was true until we
saw it ourselves.

"I am an Austrian. I am a
Protestant. I am not a Jew. I
stress that because it has been
said that only the Jews are
opposed to Hitler. Every honest
man is opposed to Hitler. I am
a monarchist. That means I am
opposed to every form of dic-
tatorship.

"Hitler claims that he has
united all Germans. Whenever
two or three Germans meet they
do not know whether there are
one, two or three spies present.
You don't understand that. You
have perfect freedom.

"In Germany man can't trust
his neighbor. Man cannot trust
his wife. Parents cannot trust
their children. You must not be
astonished that you can live in
Germany a long time and not
hear what the Germans think.
That is the unity Hitler says he
has achieved.

"Hitler said he would make
the German people a healthy
race. The German people were
worse off than they were in the
time of the last war. Now that
another war has started, they are
even worse off.

"They are not starving, but
they are badly fed. We see the
German athletes at the Olympic
games. They are the show men.
We don't see the starved people.

"The profession of medicine
used to require five or six years'
study and then five or six years'
practical work in a hospital.
Now it is cut down to three
years, and one of those years is
devoted to military drill. That
is why sickness is increasing.

"Germany never paid the
reparations. She got more in
loans from Britain and France
than she paid.

"The German worker can't get
good shoes or clothes, only sub-
stitutes.

"Goering told the people not
to hoard their money, because if
they did it might be devalued.
So they spent it, and tourists saw
them spending and thought they
were prosperous.

"Hitler is a wonderful propa-
gandist. He is a clever psychol-
ogist. I found that when I tried
to prevent Austria being joined
with Germany. I was met every-
where with the statement that
Germans and Austrians were the
same race.

"They speak the same language
but they are as different as
Dutch and English.

"Hitler wants living-room. He
doesn't need it. Germany has
more than enough. The prosper-
ous country that Germany could
be is made impossible by using
90 per cent of the country's in-
come for arms and graft.

"The people who know Hitler
best say that he has no sense of
right or wrong.

"There are more than 200,000
people in Germany in concen-
tration camps or prison to be
retaliated on if I should talk of
atrocity.

"He drove every honest and
decent man from him. Only dis-
honest people stay with him,
because they can steal, kill, do
anything. There is no justice in
Germany. There are no effective
police in Germany. I have
met thousands of Nazi leaders
and not one is incorruptible.

"School children are used as
spies as well against each other
as against their parents. We had
to teach our children to lie when
people asked them if their par-
ents spoke well of Hitler.

"You will have heard that
there is no unemployment in
Germany. That is a lie.

"Hitlerism is bound to crash."

POT-POURRI

BY GOLDEN GLOW

It does not seem possible that
when these words go into print
November will be two days old!
It does not seem any time since
I was writing about our summer
holidays, then about a visit to
Bala Park, Muskoka, the long
civic holiday weekend, then Tor-
onto exhibition, then Thanksgiv-
ing and tomorrow Halloween,
and now—well, what can we
write about now that anybody
will want to read, with war
hanging over us, and every day
bringing tales of horror and of
disaster.

And yet, life must go on—and
go on as steadily as we can
manage, for only by keeping
steady will we come through
with unshattered nerves! Cer-
tainly the weather does not help,
this past week or so, and even as
I write a cold dismal rain is fall-
ing, and at four o'clock we need
the electric lights on!

A few nights ago, Friday to be
exact, there was an eclipse of the
moon—and it was a total eclipse,
visible here in our part of the
country. But, after a day of
storm and wind and rain, it gave
a promise of clearing up, and
about eight o'clock we saw the
moon for a short time—then
back came the clouds, covering
the moon and the eclipse under a
triple thickness of black clouds.

Three times I got up out of
bed to look out and see if, by
chance, the clouds had broken—
but no—blank dull skies greeted
me every time. However, I was
more fortunate a week ago Sun-
day for, getting up about seven
o'clock to attend early service, I
saw a most beautiful rainbow
straight north of the town, the
end—a double end, too—coming
down somewhere on the hills
beyond our Newmarket ceme-
tery.

It was so vivid and the colors
so distinct that I just stayed at
the north window to watch till
it faded, only stepping away long
enough to see if the arch extend-
ed over the house—but no—all
was dark and forbidding every-
where except for that luminous
expanse of sky up north, around
the rainbow. Never before have I
seen one straight up north like
that and I was delighted. Then
the old couplet came into my
mind:
Rainbow at night, shepherd's
delight!
Rainbow in the morning, sailor's
warning!

And before the day was over it
proved the truth of the old say-
ing.

The other morning, for no
apparent reason, for there hadn't
been a sharp frost overnight, the
last trees to keep their leaves lost
them all in a golden shower in
less than an hour. At eight
o'clock they were still in the
trees, but by noon they carpeted
the ground. They dropped so
steadily and so silently that I
was really uncanny! That after-
noon saw us all out again busy
with our bamboo rakes gather-
ing them up.

I haven't had a letter from
California since Oct. 23, so I am
wondering if the Swallows left
again on that day, as they have
done for years, on their journey
to their winter quarters. My
friends usually tell me and tell
me again when they return. They
leave always on the same day,
Oct. 23, and return always on
March 19. They say they never
fail! Migration is one of the
wonders of our bird kingdom. It
is marvellous in our eyes that
such tiny fragile creatures should
undertake so hazardous a jour-
ney—yes, and with so few
casualties!

As I raked up the leaves the
other day I became conscious of
bird voices all around me, so I
stopped rustling the leaves to
listen—and here were dozens of
tiny chick-a-dees flitting about
and calling, calling so cheerily.
They are, without exception, the
friendliest birds of all—they do
not seem to know what fear is.
That is, fear of humans!

"Well," I said to my neighbor,
who was likewise raking up
leaves, "well, we can look for
colder weather and snow now
that the chick-a-dees are here in
such numbers." She asked was
that a sure sign, and I said I
meant that their food was cov-
ered with snow farther north so
they come to us, and as their food
gets covered here, they will leave
us and go farther south still.

And sure enough, Barrie had
snow, and even as far south as
Queensville and Sharon on Sat-
urday last. We will be next, no
doubt.

And the blackbirds—they will
soon be winging away too! A
little over a week ago my neigh-
bor and I were discussing birds
and telling each other little
incidents, and she told me how
that morning, chilly as it was,
the blackbirds cleaned out the
leaves that had fallen into the
water in her bird-bath, one at a
time, standing on the edge, till
they had it all cleaned out—then
they all took a bath!

I am hoping that the cardinal
visits us again this winter—I see
I have heaps of the berries that
attracted them last season. And
listen for the wild geese over-
head! Six weeks after they go
south winter is supposed to set
in.

That's Probably Why

MISTAKE CORRECTED

In the account of the life of the late Mrs. Wm. Marritt of Keswick in last week's Era, it was incorrectly stated that her husband, Wm. Marritt, had taught school before turning to farming. It was Mrs. Marritt who taught school for about three years before her marriage. Mr. Marritt was born on a farm and has farmed all his life.

MORE MUNICIPALITIES
QUALIFY FOR TAX AID

The approval of by-laws from an additional 40 communities under Part III of the National Housing act is announced by Hon. J. L. Ralston, minister of finance. This addition extends the scope of these operations to include 155 municipalities as against a total of 115 at the end of July last.

Part III of that section of the act which deals with the payment of municipal taxes on new low-cost homes, and the benefits provided are in addition to the liberal financing facilities provided by Part I. The dominion pays, for the first year in which the house is taxed, 100 per cent of the general real estate and school taxes.

In the second year the payment is 50 per cent, and in the third year 25 per cent. Houses eligible to come under this part are those started since June 1, 1938, costing complete (including lot) not more than \$4,000, and built for an owner for his own occupancy. (Taxes on the lot and any special taxes must be paid by the owner). It is not necessary that the house be built under Part I of the act to qualify.

These benefits become operative in individual municipalities on the condition that the municipality co-operates with the dominion in encouraging the construction of new low-cost homes. This co-operation takes the form of passing a by-law making available at a nominal price a number of lots suitable for residential construction.

It should be noted that a municipality having such an agreement with the minister of finance qualifies for tax payments all houses complying with the other general requirements, and not only such houses as may be built on the lots sold by the municipality. These municipalities not in possession of any such lots may also qualify by passing a by-law certifying to this condition, and forwarding a copy to the minister of finance for approval.

To date, in addition to the 155 municipalities which have already qualified, 55 others have indicated their intention to do so, and by-laws from some of these are under consideration by the department at the present time.
